

# Bopper (#5398)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

Bopper has been extremely eager to learn and progress. He is a very quiet natured horse that takes on new challenges well. He halters, picks up all 4 feet to be cleaned, leads well, and walks over a wooden bridge. He loads in a 4 horse stock trailer. He can be groomed from head to tail.
