

Curious George (#2759)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)
www.iwhba.org

A volunteer named this cute little Sulphur horse Curious George because he always wanted to check things out when something new was in his pen. He is shy but warms up quickly to new people. He halters, leads, ties and loads into a 4-horse trailer and walks over a wooden bridge. He has been fly sprayed and had all 4 feet picked up and cleaned out.
