

PeeWee (#4659)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

PeeWee earned his name by being such a cute little guy. He has progressed well in his training. He can be shy at times but warms up to his handler nicely. He likes to cuddle. He halters, leads, ties and loads into a 4 horse trailer and walks over a wooden bridge. He will pick up all 4 feet while they are cleaned and stand to be fly sprayed.
