

# Penny (#2876)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)  
[www.iwhba.org](http://www.iwhba.org)

Penny was started by the Cedar City BLM staff who got her off to a wonderful start. We have just continued to make progress with her. She can be haltered, groomed from head to tail, picks up all 4 feet to be cleaned, leads well, walks over a wooden bridge and loads in a 4 horse stock trailer. Penny can be a little reactive at times but calms down quickly.
