

Blue (#5254)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)
www.iwhba.org

Blue was worked with two times at the 2005 Wild Horse Festival of Learning. Blue is a very confident horse that does have some aggressive tendencies if left "unchecked". In short order we were able to halter and lead Blue and had began to work on picking up his feet. He loves to have his neck scratched. We chose to have him gelded and was just getting back into a regular work schedule when he was adopted by someone who had seen him at the Festival of Learning.

Adopted 7/2005
