

Hershey (#5465)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)
www.iwhba.org

Hershey has been a little bit of a challenge for us here at the Learning Center. But since gelded has started to learn to enjoy life with humans. He can be haltered, led and groomed. He can also be loaded in a 4 horse trailer. Hershey will be a great horse as he learns more and more trust in humans.
