

Kiss Me Kate (#5426)

AKA - Kate

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

www.iwhba.org

Kate has been a very quick learner and very easy to work with. She can throw an occasional temper tantrum but recovers very quickly. She can be approached and haltered. She needs some work on leading. But we are confident she will learn that just as quick as everything else. The vet was able to approach her and draw a coggins, vaccinate, and worm with no fuss. She picks up all 4 feet and can be loaded in a 4 horse stock trailer.
