

Ashley (#8505)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

www.iwhba.org

Ashley has been slow to trust humans. She can still be pretty defensive when it comes to her muzzle. We have been leaving the halter on and we are able to approach and snap a lead rope into it. She leads pretty well and seems to enjoy being groomed. She will just take a little more time to learn to trust.
