

Domino(#5771)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

www.iwhba.org

Domino was interested in humans from the beginning and would approach the side of the pen to have his nose touched. He can be approached, haltered (he is still a little unsure of touch on his ears), led & groomed. He picks up all 4 feet and will stand tied. He also loads in a trailer. He also had his first ride at the *Tribute to a Wild Born Legacy* event and has since been saddled numerous times.
