

Jazzy (#3291)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

Jazzy loves attention and to be “cuddled”. She has a quiet demeanor and doesn’t get rattled easily. She can be approached, haltered, groomed and led. She has had her feet trimmed and does well with all four feet. She also ties and loads in a trailer. Jazzy would be suitable for a first time adopter.
