

Snickers (#6011)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

www.iwhba.org

Snickers has been a joy to work with. She tends to be very quiet but tries very hard to please. You can approach and halter her, lead her, pick up all 4 feet to be cleaned (she has had her first trim). She loads in a trailer very nicely and has even been saddled. She has also been led around the yard and hand grazed. She also lounges.
