

Yogi (#1000)

Gentled by Intermountain Wild Horse & Burro Advisors, Inc. (IWHBA)

Yogi was nicknamed “Cuddles” by a few of her handlers. She is very docile and easy to get a long with. You can approach, halter, groom and lead her. She is still a little unsure of her balance when picking up her feet but with patience she does well. She has had all 4 hooves trimmed. She also loads in a trailer.
